THINK LIKE A BRAND ACT LIKE A RETAILER

The more words, the lesser the meaning.

What do big brands do before they start to market their products? They brand. While employing marketing tactics, such as Facebook, Google and other Social Media ads, to gain traffic is a worthy strategy for ecommerce stores, it tends to discount the importance of the message they want to send.

The role of social media in building brands is an extremely important one. With social media, all consumers can share their voice and opinion. With the different types of social media platforms, companies have many ways to connect with their audience. Social media increases the amount of exposure a brand receives and increases traffic. Social media also helps to develop loyal fans and generates leads. Having a strong social media presence allows a brand to develop business partnerships, reduce marketing costs and improve sales
